Tonight Jackson said that one of the things he likes to do is to pick a book for the bible and read, study and then write from there. So we prayed and then he got his phone out and open Psalms up, then hid his eyes and then just clicked on with his finger, where ever he landed is where we are going to focus on tonight.

Psalms 81 it was. Which God is talking to his people Warning them, to please following.
Listen and obey for maximum blessings from His hand.

Jackson had to go at 7:30 so he could go down town for the new men's meeting just starting up. So we finished off with the word and Lord willing we will pick up where we left off next time we meet.

We had to skip one week, Jackson was not feeling well.

Jackson came by on October 17th, still not feeling totally physically strong, but his hearts desire was to work on this song to the Lord.

The next day, during bible study I found out that Jackson went to the ER, I pray that the Lord would guide the knowledge of the doctors to find a way to make Jackson feel better.
