I was in a parking lot in Pinellas Park waiting on my new friend Emily Stehl to meet me to pick up my fair entries before the Surface design meeting started. It was very cold and windy. She was running really late. So I kept sitting in my husbands van, watching people go in and out of the building, some sad, some happy, some helpful, some stressed. You could see it in their face in and in their actions. It was a over cast day and I kept thinking if they saw the Sun/ Son, maybe it would be happy day for them no matter what their circumstance was.

John 3:36 (NKJV)

36 He who believes in the Son has everlasting life; and he who does not believe the Son shall not see life, but the wrath of God abides on him."

Isaiah 61:1 (NIV)

The Spirit of the Sovereign LORD is on me, because the LORD has anointed me to preach good news to the poor. He has sent me to bind up the brokenhearted, to proclaim freedom for the captives and release from darkness for the prisoners,

Romans 8:20-21 (TLB)

20 For on that day thorns and thistles, sin, death, and decay —the things that overcame the world against its will at God's command— will all disappear,

21 and the world around us will share in the glorious freedom from sin which God's children enjoy.

Hello Band in the Box friends,

Hope you are all doing well and having fun in your studios.

With so many song styles to choose from I thought, WOW, lets see what fun I can have with a new sound. It seems no matter how hard I try to write something that sounds not FOLK, it comes out FOLK and really there is nothing wrong with that. But like I told Jerry from Band in the Box, on the phone today, with so many choices, I should live a little and try something new. SO I did.

Yes, I went with Soul. Some of you are laughing with me right? I am always so serious. That its hard to see me just letting loose and having fun.

So here is my first attempt with a different sound. I enjoyed my day learning new things and hearing different sounds. I hope you are blessed and enjoy the new song.

Thank you Jerry for getting me headed in the right direction.
